SCHOOL BOARD REPORT OF ASSESSMENTS REQUIRED

Support of schools,	\$18,000 00
---------------------	-------------

Estimate of \$5.00 per \$1,000.00, equalized inventory,	\$9,205 20
--	------------

Balance necessary to run schools:

Per capita tax, (\$2.00 on each pupil),	\$642 00
Interest on debt, amount necessary,	200 00
High school tuition,	2,800 00
Officers' salaries,	300 00

Statutory recommendation to selectmen for assessment for high school tuitions,	\$2,800 00
--	------------

REMARKS

Each year the School District has not enough money to finish the spring term because we barely raise the \$5. per \$1,000, required to secure State Aid. That \$5. tax plus the State Aid can be used only for elementary school support. The Superintendent's excess salary and the balance of all the item not allowed, in full, by the State Board and any other odd items cause this deficit. If the District raised the lump sum of \$10,500, under article 7, there should be no deficit at the end of the next year. It has been suggested that we borrow to meet this deficit this year the balance of the Snow Fund from the Trustees, \$1,000. Then the whole fund would be as a liability of the District and the Interest of 4 percent would be paid by

the District each year. We recommend that this be done under article 8.

We, like everyone else have had to buy more fuel this year on account of the long cold weather. We have had more High school pupils than ever before and more tuition to pay, and our necessary transportation has been more, so we have been fortunate not to need more money to complete the year.

As we stated in last years report there is need of better facilities in the Swanzey Centre-Matthews road region. The library cannot be used after this year as a school. We desire a vote of the district, under articles 10, 11 and 12, as to what shall be done.

East Swanzey school building is a potential fire trap and we hope to have the district vote to put up a fire-escape there.

We shall need \$200, to pay the interest this year and any other amount to cover any money borrowed this year, under articles 10, 11 and 12.

Under article 15, required by law to be inserted, the only item affected is the \$2,800, for High school tuition. This is probably the least that can be expected to pay this bill next year.

The schools have averaged very well this year and with the added facilities recommended we hope to have the weak places remedied.

A. W. HOPKINS,
MERTIE N. HORNIG,
MARK H. CARLTON,
School Board of Swanzey.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Board of Education and Citizens of Swanzey:

I hereby submit my fourth annual report as Superintendent of schools.

The plan of organization and supervision entered upon early in the school year of 1921-22 has been carried out consistently down to the present time. The periodic use of standardized tests in all the schools has made it possible for the superintendent to keep in close personal touch, not only with the work of the teachers, but with the work of each individual pupil as well. It has enabled him to locate definitely the specific weaknesses of pupils, classes, and teachers, and to discuss intelligently with teachers as to how best to go about it to improve undesirable conditions wherever they might exist. After locating definitely the weak points of pupils or of whole classes by use of the tests, teachers have been enabled to concentrate their teaching efforts where they would do the most good. The interest of the pupils themselves in the test results has led to a much greater degree of spontaneous effort than is found among the pupils of most schools wherein the tests are not used. As a direct result, the schools of Swanzey are working at a high degree of efficiency as regards educational results achieved, especially in the fundamental tool subjects. Grade for grade they are considerably in advance of the average city school system in both quantity and quality of work done. This is shown not only by the recently given mid-year tests but by the fact that pupils coming to our schools from other school systems, sometimes from Massachusetts cities,

find it difficult to keep up with the work of the same grade from which they came. Furthermore, the Swanzey schools still maintain a considerable lead over those of the other towns of the district in the average scholarship standing of the pupils.

Changes in the teaching force for the current year are as follows: In the East Swanzey school Miss Bernice Fifield succeeded Miss Norah Hurley as teacher of the lower grades and Miss Rua Fifield succeeded Miss Margaret McCabe as teacher of the upper grades. Both are Keene graduates, 1924. Miss Myrtle Whitcomb, teacher at No. 5, Sawyer's Crossing, resigned at the end of last year and was replaced by Miss Dorothy Record, Keene 1924. Miss Record resigned at the end of the fall term and the school is now in charge of Miss Elizabeth Callahan, Fitchburg 1924. Miss Irene McNamara replaced Miss Madalene Quinn as teacher in the third and fourth grades, Cutler school. All the Swanzey teachers are now either normal school or college graduates, or proved teachers of considerable experience.

It is to be hoped that the movement to provide a suitable school building for the school at Swanzey Center will bear fruit. The use of a room in the library for this school was a temporary emergency measure. The room is very badly crowded and the lighting conditions are far from satisfactory. Lack of proper heating and ventilating facilities makes it very difficult to even approximate healthful living conditions in this school.

Respectfully submitted,

SAMUEL S. BROOKS,

Superintendent of Schools.
